

The capes are made up of 9 triangles of material (taken from standard-size drapes) which are sewn together, forming a semi-circular neckline. The capes are not lined. Each cape stretches from one shoulder to the other. In this way, you can see 9 of the correct shades, etc. for each of the 6 tones in front of a client at once.

**Light**

111	Ivory White
112	Lt. Warm Beige
