

Seasonal Start-small Drape Set – list of contents

Not everyone wants a pro draping kit containing everything a professional needs for their consulting clients. So we've designed the Start-small Expand-later drape sets.

The Seasonal Start-small drape set contains **20x standard drapes for the 4 Seasons**: 4x darkest neutrals, 4x lightest neutrals, 4x reds, 4x blues, and 4x greens.

You will be able to **diagnose all four Seasons with these 20 drapes** and give each client her best lightest and darkest neutrals, plus her best red, blue, and green.

You can expand later with more colours and perhaps even more reds, greens, and blues.

All our drapes have labels with both Seasonal & Tonal notations, so they can be used for BOTH seasonal & tonal analysis.
